Executive Summary

The City's Capital Improvement Plan (CIP) includes funds budgeted for installing street lights along 5th Street and Dewitt Road from SH 78 to Ranch Road, and along State Highway 78 from Murphy Road to 5th Street. City Council discussed the projects at the October 7, 2013 City Council Meeting, along with a third lighting project for the Sachse Industrial Park. During this discussion, multiple questions were raised regarding the project limits and the location and type of street lights that would be installed along State Highway 78, 5th Street, and Dewitt Road. The City Council directed staff to prepare a discussion item for a future City Council Meeting to further discuss the two projects.
